

## CANDIDATES FOR INTERNAL ENTS

Hello! We're William and Xanthe and we would love to be your new Internal Ents officers, adding a "W" and an "X" as well as lots of ideas to External Ents Team V's outstanding manifesto, so between us we'll have all your event-based dreams covered, inside and outside of College, feasible and well, Victor's onto the Jacuzzi.

### **Who we are**

We like to think we're a diverse team: Xanthe's an MPhil student in film (it exists!) who's come here from the dark side of another College (and the even darker side of a brief slip outside the Cambridge bubble). William just got back from his year abroad in Japan and is a member of the first year of 4<sup>th</sup> year undergraduates allowed in the MCR. Xanthe was a committed member of the Social Events Committee of the CU MML Society throughout her undergrad here and William has been involved with various societies in Cambridge and in Japan.

### **What we want**

Alina and Fernando have done an amazing job at putting on great occasions for us to come together since last year and we are committed to continuing their fantastic work. We promise that while we will work closely with the previous committee to get inside-experience on running internal ents just the way you like it, we will also be bringing new and fresh outlooks to the game and thus you can expect a whole load of new events.

At the moment, we are planning a mix of events catered to those of all interests; there will be more games nights, pub crawls, and pub quizzes, but we also want to introduce a mulled-wine and cheese night, some more themed dress-up nights (think toga party but with more diversity) and perhaps even an emoticon costume contest (totally an original idea). Finally, we'll work towards making the garden party at the end of the year one of the best it ever has been. Themed grad halls are going to stick, and we're committed to bringing you some of the most memorable hall experiences you will have here at Trinity Hall. Harry Potter Hall stays, by the way.

The MCR community at Trinity Hall is buzzing with amazing, sociable people (most of whom could have a bright future in gastronomy or fancy dress making!), and we're enthusiastic about helping make your experience here at Trinity Hall truly unique. We also want to work with you to listen closely to your ideas and feedback to improve our performance as much as possible.

Thank you!
