
Candidate for JCR Graduate Representative

Isabel Estevez

As a new member of Trinity Hall, it has been wonderful to discover the warmth, openness and dynamism of our community, so much so that I have been inspired to seek the position of JCR Graduate Representative.

As JCR Graduate Representative, I would be the MCR representative to JCR meetings and vice versa, reporting on JCR issues that concern us as well as MCR issues that concern the JCR. In so doing, I would draw from my previous experience in executive committees as a coordinator, facilitator, and consensus-builder between different interest groups. Most importantly, however, I promise to foster strong ties with the JCR, building on the work of my predecessors, in order to join forces to pursue common interests and to take leadership in creating exciting and inclusive joint events and other initiatives to strengthen our sense of community.

It would be a privilege to serve our community as JCR Graduate Representative. Thank your for your vote!
